Certification of CPNI Requirements March 30, 2005

My name is Bruce Hanway and I am Secretary/Treasurer of the Monon Telephone Company, Inc.. I have personal knowledge that our company has established operating procedures to ensure compliance with the rules of this subpart.

We provide both common carrier services and information services utilizing one group of customer service representatives. CPNI security and when it can and can not be used is regularly discussed and it is made clear that these are legal requirements and discipline including dismissal will be enforced.

The status of the customer's CPNI approval is prominent in the customer information. We utilize a Opt-in approval and all customers are initially indicated as not allowing CPNI use. We have not engaged in any sales or marketing campaigns and any future campaigns require my approval.

Bruce Hanway Secretary /Treasurer
Monon Telephone Company Inc.
